PRODUCT INFORMATION BULLETIN

Product GS-100

A.R. Chem Tex Industries LLC. GS-100 is recommended to be used in conjunction with a soap stick. GS-100 has been formulated to Foam Produced Fluids in non-productive gas wells by agitating the produced fluids to help lift them out of the well bore. This allows gas to travel through the foam column and unload produced fluids. 3 to 4 sticks of GS-100 should be used along with 3 to 4 soap sticks.

GS-100 has a shelf life of 90 days and should be stored in a cool dry environment away from any moisture. GS-100 is packaged in 5 gallon buckets or in 55 gallon drums.
